# BUILD A SOLID FOUNDATION FOR YOUR BUSINESS THROUGH DIRECT REFERRALS.

## 01

### DIRECT REFERRAL BONUS

Referring BitcoinTAF products & Services to your customers is the first pillar of a solid foundation for your business. We want to reward you for referring new customers to BitcoinTAF. When your Personally Direct Referred customer makes a payment for any subscription or purchase training material/product/s you get paid an affiliate Direct Referral Bonus. In addition, each time your personal direct referred customer makes another payment or pays for a subscription service, you get paid. You can now build your own customer base and get paid weekly.

Your Personally Direct Referred customers\* are essential to affiliate marketing and growth. BitcoinTAF Policies and Procedures does not require you to maintain an active number of paid subscribers, nor do you have to be an active customer/member to earn a Direct Referral Bonus.

## 02

### TEAM BONUS

Team bonuses are another pillar of the BITCOINTAF Affiliate Revenue Plan. As a new affiliate, your focus will be on developing a base of customers. You'll also focus on helping your downline generate volume through sales.

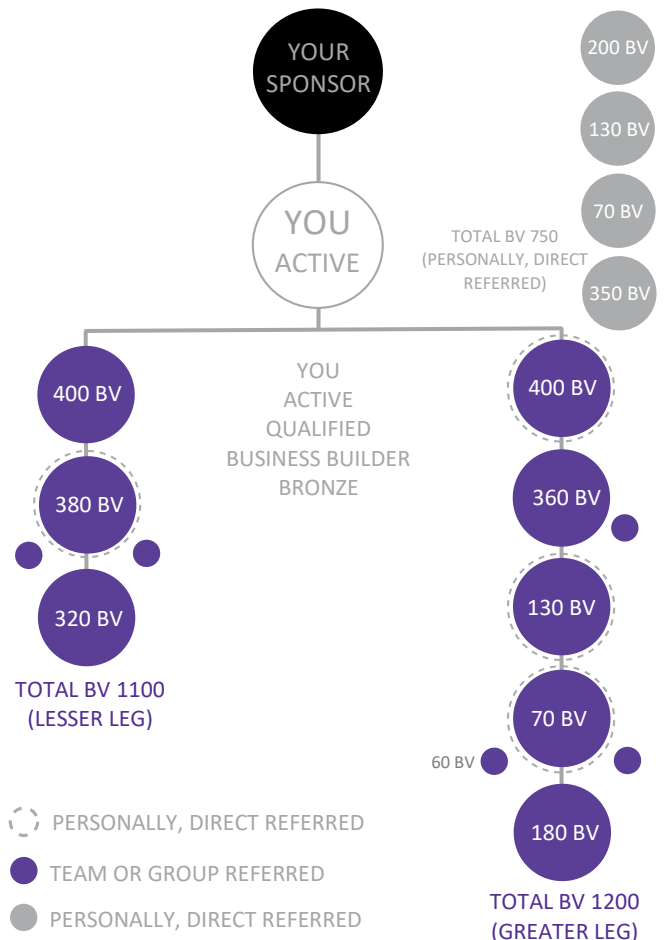

The team bonus aspect of the plan is calculated from your placement tree, which has two legs: a left and a right. You will be compensated based on successfully building sales volume within the placement tree, called Business Volume (BV). Your upline (or anyone else in the placement tree) may also place people in your placement tree. As your group begins to grow, you are entitled to Team Bonuses based on the total BV generated in your lesser leg.

**CALCULATING TEAM BONUSES:** You must be \*Active, \*Qualified and an active Business Builder† to be eligible to start earning Team Bonuses. In order to get your first Team Bonus payment, you must accumulate a minimum of 300 BV in your lesser leg for 1 cycle week.

At the end of each cycle (7-day week Monday to Sunday), a 10 percent Team Bonus is paid on the BV in that leg. Any unpaid BV carries over to the following week, as long as you remain active, qualified and maintain a rank as a Business Builder.

Any of your previously unpaid BV that is carried over to the current week, up to the amount of the BV from the current week in that leg, will be used to calculate your Team Bonus up to the Team Bonus limit for your paid-as rank\*.

Team Bonuses are limited by your paid-as rank up to \$10,000 per week, per business center. As long as you remain active, qualified and a Business Builder, you can continue to accrue volume toward your next Team Bonus payment.

In this example, you are (1) Active (have a current active monthly subscription), you are (2) Qualified (have signed up two personally direct referred members one on each leg, left and right, who is also Active), (3) and have an active subscription to Business Builders‡. Because you received 750 BV from your sales to each of your four direct referred customers; you earn **\$67.50** in Direct Referred Customer Bonuses (9% of 750 BV which is \$67.50). You are also qualified because you have personally sponsored customers/members on both your left and right legs who are active. Therefore, you qualify for 10 percent in Team Bonuses, paid on matching volume from your left and right legs, or in other words 10% on your lesser leg BV. In this example, you would earn a team bonus of **\$110** (10 percent of 1100 BV) because the Team Bonus is paid on balanced volume. So, in this example you now get paid on the 1100 BV and have 100 BV carry-over for the next cycle. You never lose carry over BV. Your total earnings for the week are \$67.50 + \$110 (or **\$177.50**).

## 03

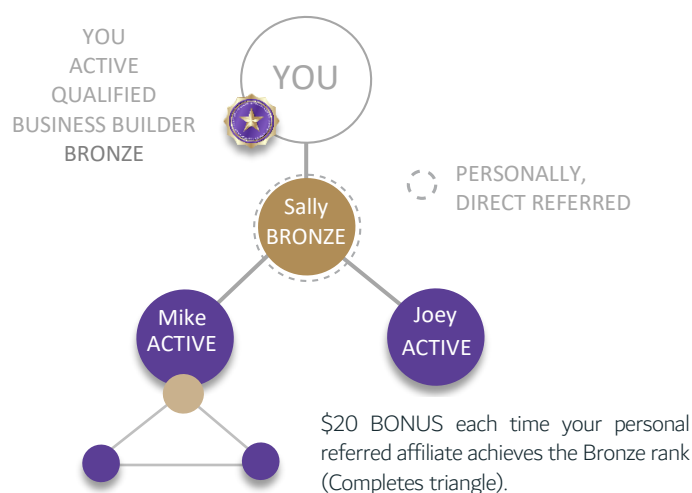

### BRONZE ACIEVEMENT BONUS

The third pillar of building a successful business is to earn the rank of Bronze Executive and helping your personally, direct referred affiliates become Bronze. The key is to duplicate what you've accomplished.

When you reach the rank of Bronze, and if you are active (by having an active subscription) and an active Business Builders Subscription, you will earn a bonus of between \$20 (\*and up to \$80) each time your personal referral becomes a Bronze Executive.

\*See Rank Qualifications for more detail

Each time one of your personally, direct referred sponsored affiliates become a Bronze Executive, you will earn a bonus of \$20.

## 04

### INSTANT 51 FIRST ORDER BONUS (FOB)

Active affiliates may earn a \$51 executive order bonus each time a 12 Month Long Term Trade Report subscription is sold to their personally referred affiliates and/or customers. They also earn a \$21 executive bonus each time a 6 Month Long Term Trade Report subscription is sold to their personally referred affiliates and/or customers.

Instant earnings: 12 Month Long Term Trade Report subscription  
\$51 (FOB) + \$31 (7% Direct Referral Bonus)  
Total \$82

Instant earnings: 6 Month Long Term Trade Report subscription  
\$21 (FOB) + \$16.03 (7% Direct Referral Bonus)  
Total \$37

## 05

### BUSINESS BUILDER BONUS

To further reward our executive leaders for their sales, and their downline organization sales, you may earn the Business Builders Bonus (BBB) in your binary tree. Up to 40% of the Business Builder Subscription filters through your binary tree as sales volume and added to your weekly Business Volume (BV).

BBB is paid weekly as part of the Team Bonus.

## 06

### RANK ADVANCEMENT BONUS

The 6th pillar of building a successful business is to earn the rank of Bronze Executive and helping your personally sponsored customers/members become Bronze Executives.

# REVENUE PLAN

## Q&A.

**01**

### Why am I considered “active” for four weeks rather than an entire month?

Because we pay bonuses on a weekly cycle rather than monthly, our definition of “active” is a four-week rolling period rather than an entire month (each week runs from Monday at midnight to Sunday at midnight, Brisbane Australian Time Zone or UTC+10).

**02**

### Once I’ve earned a bonus, when can I expect to be paid?

The bonus week ends Sunday at midnight (Brisbane Australian Time zone or UTC+10). Any earned bonuses will be paid the following week, which is the week after the end of the bonus week. Bonuses will be shown in your BitcoinTAF.com website after logging in, under PAYOUT. Under PAYOUT you can request a payout and also review past payouts.

**03**

### How do I generate Business Volume (BV)?

You can generate business sales volume in two ways – through your own replicated BitcoinTAF.com website sales made to your personally direct referred customers and through your binary team volume by sales within the binary tree or group team volume.

**04**

### When do I get paid for Team Bonus?

A Bronze Executive must meet the criteria of a Business Builder and sponsor a minimum of one customer on the left and one customer on the right of the binary tree with both having an active subscription (paid subscription). Maintain Team Volume of 300 BV in lesser leg for a 1-week cycle.

Example: An Affiliate may accumulate 100 BV for 5 consecutive weeks. This is a total of 500 BV but this volume does not qualify unless the 300 BV is accumulated in a 1-week cycle.

**05**

### If I go inactive, what happens to my volume and organization?

All accumulated placement tree volume will be reset to zero (0); however, once you reactivate your account and become active by having a paid monthly subscription, you will once again begin to accumulate group sales business volume (BV) as subscriptions or products in your placement tree organization are sold. You will remain earning on any personal referrals regardless if you are active (having a paid monthly subscription), or not. We want to reward you for referring people to BitcoinTAF.com

**06**

### What is an automatic payment?

This optional, stress free program allows you to establish a standing monthly order with BITCOINTAF through our payment providers. Your subscription renews automatically and can be configured after logging in to your own private access at BitcoinTAF.com

Any payment done in cryptocurrencies are not automated and require a manual payment each end of the subscription cycle. You must ensure you are active to keep accumulating BV from the binary tree.

\*The income statistics above are for all Bitcoin Trend and Forecast Pty Ltd (BitcoinTAF) Affiliates who were paid bonuses during the period from January 1, 2017 to May 31, 2021, at the above ranks. An "Affiliate" is defined as any person who: (1) executed a BitcoinTAF Affiliate Application and/or Agreement; (2) has sponsored at least one person; (3) has received at least one non-retail bonus; and (4) has been active in any of the eight weeks preceding the bonus period (to learn the requirements for being an "active" affiliate in your market, reference your country specific BitcoinTAF Revenue Plan document). Note that this excludes retail customers, non-binary and/or pre-enrollees, affiliates who did not renew, and customers, affiliates whose relationships with BitcoinTAF were revoked. An individual who has executed a BitcoinTAF Affiliate Application and/or Agreement (online when signing up), but has not fulfilled the four criteria enumerated above is not a formal affiliate. That person is simply a wholesale customer. If, and only when, all four criteria are satisfied does that person become an affiliate. Accordingly, the status of an individual can, and sometimes does, change throughout the course of a year. For example, Mary enrolls as a Customer in February. In April, she qualifies to become an affiliate and maintains her qualification through May. In June she is inactive, and therefore, her status is that of a customer. In July, she begins retailing products and services, and thus, becomes a retailer (but not an Affiliate). In August, she again qualifies as an Affiliate but fails to remain qualified for the remainder of the year. For the purposes of this Income Disclosure Statement, Mary will only be considered an Affiliate during the months of April, May, and August. The earnings of the Affiliate in this chart are not necessarily representative of the income, if any, that of a Bitcoin Affiliate can or will earn through his or her participation in the BitcoinTAF Revenue Plan. Your success depends upon your skills, work effort, and market conditions. BitcoinTAF does not guarantee any level of income or your success.

\*These figures are derived from a survey of approximately 4,261 Affiliates completed by BitcoinTAF through our online ordering systems.
